

✓ *We have you covered.*

Ambient home care is a fully licensed, bonded and insured agency. All of our caregivers are covered under worker's-compensation and professional liability insurance. Ambient Home Care directly employs all of their caregivers and completes a full criminal background check.

✓ *Customer service is #1.*

One of the most important aspects when choosing the right home health care agency is whether or not they are dependable and accessible. Ambient Home Care is available 7 days a week. This enables us to quickly react when scheduling conflicts or emergencies arise.

✓ *Clinically supervised.*

All of our clients and employees are supervised by a registered nurse. An RN will come out initially upon the start of the case to evaluate the patient's needs and develop a customized plan of care.

✓ *Time not on your side?*

Ambient Home care understands that you may not always have weeks to prepare for in-home care assistance. Call us and we can schedule an on-site consultation that same day and arrange for care in as little as one day.

✓ *Affordability.*

Ambient Home Care has and always will be one of the most affordable full service home health care agencies. Because of our low hourly and Live-IN rates, Ambient Home Care caters to fixed incomes. We pride ourselves on providing the best service at the most affordable rate.

LICENSED · INSURED · BONDED

Live-In services offered throughout the state of New Jersey.

Hourly Services offered throughout Monmouth and Ocean Counties.

Ambient Home Care is a Licensed New Jersey Health Care Service Firm.

LIVE-IN · HOURLY

Licensed · Insured · Bonded

732-477-2221

Ambient Home Care is a licensed New Jersey Health Care Service firm. All employees of Ambient Home care are individually insured and bonded. We are a top tier Home Health Care Agency. Our commitment to excellence in home care makes an undeniable difference to the clients we are privileged to serve.

The time is over when not being able to care for one self meant having to leave home. We provide the services that enable our clients to live independently where they want to be; in the comfort of their own home. Our services results in reduced hospitalizations, better overall health and less family stress. Remaining at home with one on one care is the best alternative to assisted living facilities, nursing homes and over-extended stays at rehabilitation centers.

CUSTOMER SERVICE THE PERFECT FIT

Customer Service is what distinguishes us from our competitors. We are available 7 days a week.

We understand how difficult it can be for your loved one to adjust to a new person being in their home after they lived self sufficiently for so long. Finding the right match is so important. We are not happy unless you are. If the right match doesn't happen the first time, well work until we find **the perfect fit!**

We offer our services on either a live-in or hourly basis. You are not tied into any long term contracts and you can alter the level of care you receive at anytime. Need a caregiver for a short amount of time after surgery or other hospital stay? Give us a call and we can schedule care for as little as one week.

LIVE-IN CARE: AROUND THE CLOCK PEACE OF MIND

Ambient Home Care understands how important and comforting it is having the same caregiver each and every day. Building a relationship, understanding a client's likes and dislikes and developing a routine are all extremely important functions of quality home health care. Ambient Home Care provides the utmost continuity of Care with our live-in service. Many accidents happen when no one else is present or in the middle of the night. Have **peace of mind** knowing that your loved one is safe and receiving the best possible care all day long!

Ambient is a full service agency. We will arrange for the caregiver's time off, provide transportation and arrange for a quality replacement. Leave it to us for seamless, uninterrupted live-in care.

HOURLY CARE - TAILORED TO FIT YOUR NEEDS

Have you ever wanted someone just to go over and check on mom and help her out for a few hours a day? Have you ever just needed to make sure Dad has eaten his breakfast and taken his medication? Well Ambient Home Care has the solution. From as little as a few hours a day we can custom fit a schedule that works around your needs. We can have our skilled caregivers come over just a few times a week to help your loved one take a shower and cook them a meal. And we always strive to have the least amount of caregivers as possible visit your loved one. Hourly Care is available when and where you want it - **tailored to fit your needs!**

OUR EMPLOYEE, NOT YOURS - THE WAY YOU WANT IT TO BE

One of the most important questions you should ask when searching for a home health care provider is do they directly employ all of their caregivers. Ambient Home Care does which means there is no exchange of money between the caregiver and the client. Deductions such as social security, federal, state and local taxes are all withheld by Ambient Home Care, a task you would be responsible for if you employed them yourself. Ambient Home Care also covers our employees with workers compensation insurance and liability insurance. Being that it is our employee and not yours will free you from burdensome paperwork, stress and liability - **the way you want it to be!**

OUR CAREGIVERS SKILLED AND SUPERVISED

We provide Certified Home Health Aides (CHHA's) that are able to meet your loved one's personal care and homemaker needs. Only a licensed health care service firm can employ Certified Home Health Aides (CHHA's). In the state of New Jersey only a CHHA can provide personal care such as assistance with bathing and dressing. A CHHA goes through criminal background checks, including fingerprinting, and must be a U.S. citizen or authorized to work in the United States.

Based on the Plan of Care developed by Ambient's Registered Nurse, in consultation with the patient and family, our **skilled and supervised** caregivers can assist with a broad range of care. **These include:**

PERSONAL CARE

- Shower/Bathing Assistance
- Dressing Assistance
- Bathroom Assistance
- Ambulation/ Transferring Assistance
- Medication Reminders
- Meal Preparation

TRANSPORTATION

- Escort to Medical Appointments
- Pick Up Prescriptions
- Grocery Shopping
